★ The low "A" key is available on the baritone saxophone only.

★ La clef "A" n'existe que sur le saxophone baryton.

The chart displays fingering for various saxophone keys across three rows. Each key is represented by a musical note on a staff and a corresponding saxophone diagram. The diagrams use black dots to indicate which keys are pressed (closed) and white circles for keys that are not pressed (open). The first row covers keys from C4 to G4. The second row covers keys from A3 to G4. The third row covers keys from C4 to G4. Some diagrams are highlighted in light blue, likely indicating specific fingering techniques or key mechanisms.
